Effective Date:	02-APR-2025	2025 North America MSRP CATALOG Price List	PAGE - 1
Version:	ver 8.3	ETL Listed To UL-495 & CSA , CE Certified NTEP / CAN Approved for Retail or FLEET Application	CATALOG MSRP
	Model	P4 Series Dispensers & Options *NOW IN STAINLESS STEEL ONLY*	
	P4-050	**Electronic register, compatible with most certified flow meters both PD and Mass flow.** NTEP Certified as an RMFD, and fully compliant with all requirements of Handbook 44 as a motorfuel dispenser, including no-flow timeout, Zero set back, etc. Upgrade an existing mechanical dispensing cabinet to electronic motorfuel dispenser	$ 4,560.00
	P4-075	**Stainless Steel Single Hose Retail or Fleet Use Single Hose Dispenser** Fleet model Economy dispenser, ETL Listed UL495, Single hose dispenser with gallons only or retail style display. Stainless steel cabinet. compatible with all 3rd party fleet fuel management systems as well as ParaFUEL Lite	$ 10,899.00
	P4-100XX-L	**Stainless Steel Single Hose Dispenser**, 1 Autogas Hose (XX= "LT" for Liqua-Tech LPM10 / "NP" for Red-Seal 4DMD)	$ 13,812.00
	P4-100MM-L	**Stainless Steel Single Hose Dispenser**, 1 Autogas Hose Mass Flow Meter 1-18GPM / 4-60 lpm	$ 16,401.00
	P4-150XX-L	**Stainless Steel Two Hose Dispenser**, Single meter, 1 Autogas hose, 1 Cyl Hose (XX= "LT" for Liqua-Tech LPM10 / "NP" for Red-Seal 4DMD)	$ 15,010.00
	P4-150MM-L	**Stainless Steel Two Hose Dispenser**, Single meter, 1 Autogas hose, 1 Cyl Hose Mass Flow Meter 1-18GPM / 4-60 lpm	$ 17,988.00
	P4-200XX-L	**Stainless Steel Dual Hose Dispenser** , 2 Autogas Hoses, Island Orientation (XX= "LT" for Liqua-Tech LPM10 / "NP" for Red-Seal 4DMD)	$ 21,804.00
	P4-200MM-L	**Dual Hose Dispenser** , 2 Autogas Hoses, Island Orientation Mass Flow Meter 1-18GPM / 4-60 lpm	$ 25,743.00
	Option-HH	**Stainless Steel P4-100 / P4-150 Series Dispensers** High Frame cabinet kit, with integrated hose retractors (Add to cost of the above selected dispenser model)	$ 1,704.00
		Stainless Steel P4-200 Series Dispensers High Frame cabinet kit, with integrated hose retractors (Add to cost of the above selected dispenser model)	$ 2,569.00
	Option-PR	**Printer Option**, 58mm / 2-5/16" Thermal roll, Dispenser specific design for use in outdoor applications	$ 998.00
	HK-0003	**P4-Series Safety System**, Knock Over Protection for installation under dispenser (requires elevated skid frame or dispenser pit) Price varies with dispenser model. Model as priced fits P4-100 & P4-150	$ 1,797.00
	HK-0004	**Hose Retractor Kit** for P4-Series Dispenser, Vertical, Mounts to Hose outlet Side, with installation kit. (Requires drilling holes in dispenser cabonet, and bas anchor to island or station skid) Requires Final Installation on site, with provided installation kit	$ 701.00
	GG20HSL	**Gasguard GG20L** LPG Autogas Nozzle, Latching, 1-3/4" ACME , with Strainer, With Low Handle Pressure (prices subject to change in currency exchange rate)	$ 874.08
	ZVG2	**ELAFLEX "Euro-Bayonet Style" Nozzle**, Quick Connect (prices subject to change in currency exchange rate)	$ 1,048.00
	GG40HSL	**Improved Euro K-15 Connection** Lighter pull weight on triger and more robust with higher flow rate. (prices subject to change in currency exchange rate)	$ 994.00
	HK-0021 HK-0025	**GG20-HSL ACME Nozzle** **ZVG2 / GG40HSL EURO K15 Nozzle** **With Elax Premium Hose and Safety Pull-away kit**. Flexible and abrasion resistant hoses with strain relief, LPG Autogas nozzles, and pullaway valve	$ 1696.00 $ 1998.00

Effective Date:	02-APR-2025	2025 Suggested Retail CATALOG Price List	PAGE - 2
Version:	ver 8.3	Description	CATALOG MSRP
	Model	P4 Series Dispenser Accessories	Prices vary with options
	P4-SBCP	Economy Station Electrical Control panel, Single phase, for 3-5 HP motors. Includes NEMA 4X enclosure, E-STOP, Base Price. Built to order, must provide voltage and full load current with order. For use with popular "Cabinet Stlye Dispensers, and small pump suystems, NOT with parafour Dispensers	$ 594.00
	P4-SECP-1/3P	Economy Station Electrical Control panel, Single or Three phase, for 3-5 HP motors. Includes NEMA 4X enclosure, E-STOP, LOTO Disconnect switch, Motor starter, current overload protection, dispenser circuit breaker, FMS circuit breaker, Time Delay Relay for Pump, Data Disconnect Relay, Pre-Wired with General Electrical schematic. 2 Hose Maximum. Base Price. Built to order, must provide voltage and full load current with order.	$ 2,212.35
	P4-SFCP-3P	Full Size Station Electrical Control panel, 3 phase, for 5-10 HP motors. Includes NEMA 4X enclosure, E-STOP, LOTO Disconnect switch, Motor starter, current overload protection, dispenser circuit breaker, FMS circuit breaker, Time Delay Relay for Pump, Data Disconnect Relay, Pre-Wired with General Electrical schematic. 2 Hose Maximum. Base Price. Built to order, must provide voltage and full load current with order.	$ 3,980.55
	P4-SVFCP-1P	VFD Electrical Control panel, Single phase, for 5-7.5HP motors. Includes NEMA 4/12 enclosure with thermostat and cooling fans, E-STOP, LOTO Disconnect switch, Motor starter, current overload protection, dispenser circuit breaker, FMS circuit breaker, Time Delay Relay for Pump, Data Disconnect Relay, Pre-Wired with General Electrical schematic. Includes VFD and associated controls Base Price. Built to order, must provide voltage and full load current with order.	$ 5,641.65
	P4-PV100	OPW/Petrovend PV100 Basic Fuel management system, Configured for P4-Series Dispenser, 50 vehicle maximum (Expandable to 250), Pin code entry (Optional Card or RFID) USB Memory stick data transfer, With expanded data option, with Pedestal or Wing Bracket (Specify when ordering) Price varies with specific congiguration. Call for exact pricing.	$ 7,449.00
	P4-ParaFUEL Lite	ParaFLEET Fuel Management System - for small fleets requiting basic fuel transaction information. Fully integrated into the P4-Series dispensers, UL listed and NTEP Certified. Report data may be downloaded to a USB memory stick, or the ParaFLEET module can be connected to the local network and assigned a static IP address for remote report access. Remote access requires a dedicated dataconduit (NOT shared with electrical lines) with an ethernet cable run to the local newtork switch.	$ 6,120.95
	P4-ECO-AIR	Internal Valve Actuator System, PLC Driven Compressor, NEMA 4/12 Enclosure, with leak detection and warning lights, 2 gallon resevoir, Self maintaining. Alarm options available. Larger capacity systems custom buil to order. Call with specification of needs for quotation.	$ 3,348.45
	ParaSCALE-Lite-SL - 120-C for Cardinal 120-F for Fairbnks	Automatic Cylinder fill control for Fairbanks and other scales. Automatically stops flow of fuel to cylinder when scale arm rises with solenoid and or pump control and optional Indicator lamp. All Class1, Division 1 Listed components for hazardous area	$ 2,495.50
	Option - Heater	Heater Kit, 24 vdc Cabnit install, Solid state, For dispensers, and Electrical Enclosures film / membrane / cartridge type, with programmed thermastat, sealed fuse and install kit	$ 487.80
	P4-FA.75-05-ISC	Inline 3/4" filter, 600 psi wp. With auto reset filter change indicator, Standard Length, Activated Charcoal wrap for element, with drain port, for installation before or after meter/dispenser	$ 974.90
	P4-FA2.0-05-ISC	Inline 2" filter, 600 psi wp. With auto reset filter change indicator, Standard Length, Activated Charcoal wrap for element, with drain port, for installation down-stream of pump	$ 2,129.65
	P4-GEN-PAK-SOL	Hybrid Generator / Solar integrated station power system. Powers Dispenser and controls off Solar or gen charged 24 vdc / 200 AH battery pack and integrated charger / invertor. Automated generator start for both battery charging and pump operation. Base model for 3.0HP pump, 3 phase	$ 18,945.00
